Re: ***PM 1474***
Class of Designs for Portable Self-Contained Battery Powered Electrically Heated BETA Articles

Dear Terry:

Thank you for the letter from Mr. Smith, dated June 1, 1990, in connection with the above-identified disclosure.

Please proceed with conducting design searches on the BETA articles set forth in the disclosure (Figs. 13, 14 and 17).

The disclosure also included two designs for a "pack" consisting of a power source and ten mouthpiece/flavor inserts. We agree with the suggestion with Mr. Smith not to conduct a design search on those items.

However, we are asking the inventors whether there may be further design aspects to the packs. The packs appeared as Figs. 15 and 16 in the disclosure.

Thank you for your attention to these matters.

Sincerely,

Charles E. B. Glenn
